

Starfish Newsletter

Dear parents,

Welcome back! It has been lovely to be back with the children and we hope you all had a lovely couple of weeks. This week, our main focus has been around Spring. We have been looking at signs of Spring and how the environment changes throughout the seasons. We have also been finding out about Spring animals. We read the story 'Fletcher and the Springtime Blossoms', talked about the main events and characters and painted our own blossom tree pictures.

In phonics, we have started to move onto CVCC words with short vowels such as help, lump and gift. We have been practising blending and segmenting these words on their own and reading and writing sentences with these words in. We have also learnt the tricky words said, so, have and like.

In maths, we have been practising our counting skills. We have used objects and pictures and thought about methods we could use to make sure that we are counting accurately.

Have a good weekend,

The Starfish Team

Special Book Challenge!

Can you go on a Spring walk? Can you take photos or draw pictures of what you find?
