

## **Philip Cave BSc (Hons), FMCA, CGMA.**

After graduating in Biological Sciences at the University of Sheffield, Philip embarked on a career in accountancy within the NHS. He is currently the Executive Director of Finance and Resources at Kent and Medway NHS and Social Care Partnership, which provides mental healthcare to the population of Kent. Philip has previously been a school governor at UTC Cambridge; an academy for young people aged 14-19 and is keen to ensure that all pupils have an excellent education to achieve their full potential. Philip hopes to bring his financial and broader leadership skills to the governing body to continue the strong results the school already achieves. Philip also has two boys at the school and most weekends can be found playing football as a family in one of the playing fields of Hythe.
